

SPACE AVAILABLE NOW

AFFORDABLE, quality care
& programs that support
your **MILITARY** Family.

Child, Youth & School Services supports your military lifestyle, and you'll receive support in your role as a military parent. Operating hours at convenient locations are geared toward the duty day. Single facilities offer one-stop care for a variety of age groups, and hourly care is available for respite and well-being.

JBLM child care and before- and after-school care are great values because your child receives the best care. Child development centers are nationally accredited. The military child care system has been cited by Congress and national experts as "a model for the nation." Centers serve nutritious meals and snacks,

offer field trips and physical fitness skills development and provide curriculum for academic readiness.

Your fees go further because the military covers much of the cost.

Caregivers understand and support the mission, undergo background checks, first aid and CPR training and regular safety, fire and health inspections are conducted at all locations.

More importantly, **there are openings now** for pre-toddler, toddler, preschool and kindergarten age groups, plus before- and after-school care and in youth centers for middle schoolers and teens. Call Parent Central at 253-966-CYSS (2977) for details.

Joint Base Lewis-McChord
