- Only **one (1) cord per day** can be cut. Trucks/trailers exceeding one-cord capacity **cannot be filled beyond the one-cord limit.**

- Saturday permits are sold on Friday. **No cutting is permitted on Sundays or holidays.**
- Permit Sale Hours: **Walk-in hours are Monday through Friday, 7:30 am to 10:00 am,** or until permits are sold out, whichever comes first. After 10:00 am, please call (253) 964-2100 to set up an appointment.
- Cutting and hauling are generally authorized between **dawn and dusk or as noted on the permit.**
- Special circumstances, such as fire ban levels and firewood availability, can result in temporary changes to the above-mentioned policies.
- Because firewood availability can change quickly, firewood cutters are strongly encouraged to call the prerecorded information line or the office for the most current information before coming in for a permit.
- Although permits are issued to all members of the public, this office **does not sponsor** non-military or non-government individuals onto Joint Base Lewis-McChord.
