# Join the JBLM ODR Alpine Club for expert education and mountaineering trips

**W**ashington is home to some of the most iconic climbs in North America.

The Cascade volcanoes have been the proving ground for aspiring alpinists for decades. Everest summiteers Jim Whittaker and Ed Viesturs learned to climb right here in Washington!

Want to learn mountain climbing? Join the Alpine Club! All technical gear, permits and fees are provided, along with highly trained expert instruction (with more than 20 years of experience).

**From the basics to advanced instruction**

Beginning students receive professional instruction over two days, with outdoor skills practice on an over-

nigher at Mount Rainier. You'll learn to be a competent rope team member, plus learn glacier team travel, self arrest, crevasse rescue, terrain assessment and much more.

**Sign up for more trips**

The Alpine Club offers climbers three-day trips to Mount Baker, Mount Adams, Glacier Peak, Mount Rainier and many more above 9,000 feet.

The Alpine Club also offers summit climbs on Mount Rainier — you'll scale and descend within a three-day period via a number of routes, depending on the trip — Disappointment Cleaver, Emmons Glacier, Kautz Glacier, Success Cleaver or Tahoma Glacier. Climb one or

all routes.
